7. Complete your alumni profile as accurately as possible.
8. Congratulations! You are now a member of McDaniel College's Alumni Career Network.

*Be sure to access your profile as needed in the future to update it by clicking **Update Your Mentoring Profile**.*

Please be as complete as possible when posting your profile. The information is very valuable to students as they develop their career goals. Of particular importance is the Career Development Questionnaire.

We value your privacy! Please note that your address, phone number and e-mail address will not appear on your profile, but are required so that you can be contacted by us. Also, in the *Contact Preference* section, you may elect whether or not you would like to receive email communications from students. This e-mail address will not appear on your profile. It will only be visible to Career Services. Students and alumni will be able to send messages to you without knowing your e-mail address unless you prefer not to be contacted. You may change this preference at any time.

Career Services reviews profiles before making them live to students.
